APPENDIX

REPORTS OF STANDING COMMITTEES

The following committee reports were received by the Secretary of the Senate:

March 20, 1995

CRIMINAL JUSTICE — C.S.S.C.R. 16, S.B. 48 (Amended)

FINANCE — C.S.S.B. 279

CRIMINAL JUSTICE — C.S.S.B. 111, C.S.S.B. 149, C.S.S.B. 45

THIRTY-EIGHTH DAY

(Tuesday, March 21, 1995)

The Senate met at 11:00 a.m. pursuant to adjournment and was called to order by the President.

The roll was called and the following Senators were present: Armbrister, Barrientos, Bivins, Brown, Cain, Ellis, Gallegos, Galloway, Harris, Haywood, Henderson, Leedom, Lucio, Luna, Madla, Moncrief,

Montford, Nelson, Nixon, Patterson, Ratliff, Rosson, Shapiro, Sibley, Truan, Turner, Wentworth, West, Whitmire, Zaffirini.

Absent-excused: Sims.

A quorum was announced present.

The Reverend Patrick B. Furtaw, Pastor, Fairmont Christian Center, Pasadena, offered the invocation as follows:

Heavenly Father, Paul encourages that, first of all, supplication, prayer, intercession, and giving of thanks be made for all men and especially those in authority that we may lead quiet and peaceable lives. We thank You now, Father, for our distinguished Texas Senate. Though we do not always agree with what they do, we do appreciate them and their willingness to serve. We recognize today that it is always those who are out front, active, and making the tough decisions that are the most vulnerable to the public's criticism. Please help us to be grateful for their labors and to honor the esteemed offices they hold. And help them, along with our Governor, our Lieutenant Governor, and our House of Representatives, to remember that it is the people of the State of Texas who have elected them to these offices, and it is You that has appointed them to this work and enabled them to perform it. We ask now for Your wisdom to prevail over these proceedings, and that as a result of today's efforts, Texas will be a better place to live. We ask this in the strong name of Jesus. Amen.

On motion of Senator Truan and by unanimous consent, the reading of the Journal of the proceedings of yesterday was dispensed with and the Journal was approved.

CONCLUSION OF MORNING CALL

The President at 11:22 a.m. announced the conclusion of morning call.

SENATE BILL 365 ON SECOND READING

On motion of Senator Moncrief and by unanimous consent, the regular order of business was suspended to take up for consideration at this time on its second reading and passage to engrossment:

S.B. 365, Relating to the continuation and functions of the Texas Historical Commission and to the abolition of the Antiquities Committee and the transfer of the committee's functions to the commission.

The bill was read second time.

Senator Moncrief offered the following amendment to the bill:

Floor Amendment No. 1

Amend **S.B. 365** by striking the existing SECTION 18 (committee printing page 7, lines 25-37) and substituting the following:

SECTION 18. Subchapter C, Chapter 191, Natural Resources Code, is amended by adding Section 191.0525 to read as follows:

Sec. 191.0525. NOTICE REQUIRED. (a) Before breaking ground at a project location on state or local public land, the person primarily responsible for the project or the person's agent shall notify the committee. The committee shall promptly determine whether:

(1) a historically significant archeological site is likely to be present at the project location;

(2) additional action, if any, is needed to protect the site; and

(3) an archeological survey is necessary.

(b) The committee shall make a determination within 30 days of notification. Should the committee fail to respond within 30 days, the person may proceed with the project without further notice to the committee. If the committee determines that an archeological survey is necessary at the project location, the project may not commence until the archeological survey is completed.

(c) The committee shall make a determination within 15 days of notification for project locations regarding oil, gas, or other mineral exploration, production, processing, marketing, refining, or transportation facility or pipeline projects.

(d) A project for a county or municipality that affects a cumulative area smaller than five acres or disturbs a cumulative area of less than 5,000 cubic yards, whichever measure is triggered first, does not require an advance project review unless the activity is inside a designated historic district or recorded archeological site.

(e) There exist categorical exclusions since many activities conducted on nonfederal public land have little, if any, chance to damage archeological sites, and therefore should not require notification under this section. The following are categorical exclusions at a minimum:

- (1) water injection into existing oil and gas wells;
- (2) upgrading of electrical transmission lines when there will be no new disturbance of the existing easement;
- (3) seismic exploration activity when there is no ground penetration or disturbance;
- (4) building and repairing fences that do not require construction or modification of associated roads, fire breaks, or previously disturbed ground;
- (5) road maintenance that does not involve widening or lengthening the road;
- (6) installation or replacement of meter taps;
- (7) controlled burning of fields;
- (8) animal grazing;
- (9) plowing, if the techniques are similar to those used previously;
- (10) installation of monuments and sign posts unless within the boundaries of designated historic districts;
- (11) maintenance of existing trails;
- (12) land sales and trades of land held by the permanent school fund and permanent university fund;
- (13) permanent school fund and permanent university fund leases, easements, and permits, including mineral leases and pooling agreements, in which the lessee, grantee, or permittee is specifically required to comply with the provisions of this chapter;
- (14) oil, gas, or other mineral exploration, production, processing, marketing, refining, or transportation facility or pipeline project in an area where the project will cross state or local public roads, rivers, and streams, unless they contain a recorded archeological site or a designated state land tract in Texas' submerged lands;

(15) maintenance, operation, replacement, or minor modification of an existing oil, gas, or other mineral exploration, production, processing, marketing, refining, or transportation facility or pipeline; and

(16) any project for which a state permit application has been made prior to promulgation of rules under this section.

(f) This section does not apply to any state agency or political subdivision that has entered into a memorandum of understanding for coordination with the committee.

(g)(1) If, during the course of a project or class of projects that have complied with the notification requirements of this section, a person encounters an archeological site, the person shall abate activity on the project at the project location and shall promptly notify the committee. Within two business days of notification under this subsection, the committee shall determine whether:

(A) a historically significant archeological site is likely to be present in the project area;

(B) additional action, if any, is needed to protect the site; and

(C) an archeological investigation is necessary.

(2) If the committee fails to respond within two business days, the person may proceed without further notice to the committee.

(h) The notification required by this section does not apply to a response to a fire, spill, or other emergency associated with an existing facility located on state or local public lands if the emergency requires an immediate response.

(i) The committee by rule shall establish procedures to implement this section.

The amendment was read and was adopted by a viva voce vote.

The bill as amended was passed to engrossment by a viva voce vote.
